

PRATHMESH CHAVAN

Graduate Trainee Engineer | Electrical Engineer

Pune, Maharashtra | +91-9689801152 | prathmesh0033@gmail.com | LinkedIn

PROFESSIONAL SUMMARY

Graduate Electrical Engineer with hands-on industrial experience in Industrial IoT (IIoT), data acquisition, industrial communication protocols, and electrical systems through a 6-month internship at Solar Industries India Ltd. Familiar with PLC and SCADA fundamentals and experienced in Modbus TCP/RTU, OPC UA, industrial networking, energy monitoring, field troubleshooting, and technical documentation. Seeking a Graduate Trainee Engineer role in Industrial Automation and Electrical Engineering.

EXPERIENCE

Solar Industries India Ltd | IIoT Field Intern | Sept 2025 – Mar 2026

- Supported implementation of Industrial IoT (IIoT) solutions for real-time monitoring across manufacturing operations.
- Collected real-time data from PLCs and energy meters using Modbus TCP/RTU and OPC UA.
- Configured KEPServerEX (Kepware), including device drivers, PLC address mapping, and OPC tags for Dashboard integration.
- Assisted troubleshooting industrial communication and networking issues.

EDUCATION

B.E. Electrical Engineering – Gangamai College of Engineering, Nagaon CGPA: 7.70/10 (71.42%)	2022–2026
HSC – SSVPS Science College, Dhule (65.67%)	2020 – 2022
SSC – Ekvira Devi High School, Dhule (78.80%)	2019 – 2020

PROJECTS

Fault Detection in Renewable Energy Integrated Microgrid Using Wavelet Transform

- Developed a Wavelet Transform-based framework for fault detection in renewable energy integrated microgrids.

Li-Fi Data Transmission System

- Designed a Li-Fi prototype using Arduino UNO, LED transmitter, and LDR receiver.

TECHNICAL SKILLS

Industrial Automation: IIoT, PLC Fundamentals, Modbus TCP/RTU, OPC UA, MQTT, KEPServerEX, Industrial Networking, Data Acquisition, Energy Monitoring

Electrical: Electrical Systems Fundamentals, Power Systems, Control Systems

Tools: Microsoft Excel, Power BI, Tableau Public, Microsoft Office, Arduino IDE

Professional: Troubleshooting, Technical Documentation, Problem Solving, Team Collaboration, Communication

CERTIFICATIONS

- IIoT Internship Certification – Solar Industries India Ltd
- Microsoft Sustainable Tech – LinkedIn Learning
- EV Engineering Advanced Job Simulation – Forage
- AI in Manufacturing – Future skills Prime
